

Manage LEI: Command your Portfolio with Clarity

*A powerful dashboard to search, renew
and control your LEIs effortlessly*

About Manage LEI

ManageLEI is a proprietary platform by LEI Register India Private Limited, designed to simplify large-scale LEI portfolio management.

Whether you're managing 10 or 1,000+ LEI codes across business entities, our tool gives you one central command centre, built to enhance visibility, ensure compliance, and scale with your operations.

Stay Market-Ready

Missed LEI renewals can block financial transactions.

Central Oversight

Bring the LEI across all business entities, subsidiaries, and custodians into one smart view.

Smart Alerts

An automated email is sent every month with a list of LEIs due to expire within the month.

Audit Confidence

Full status history and logs are built for compliance.

Take Control of Your LEIs: **Before They Control You**

Features

Bulk Import

Upload all your LEIs directly into the in-platform watchlist via excel.

Smart Watchlists

Monitor LEIs by entity name, LEI codes, and LEI status.

Secure Uploads

Files are virus-scanned before being accepted.

Role-Based Access

Create teams, assign access, and manage actions.

Audit Logs

A full activity trail showing who checked what and when.

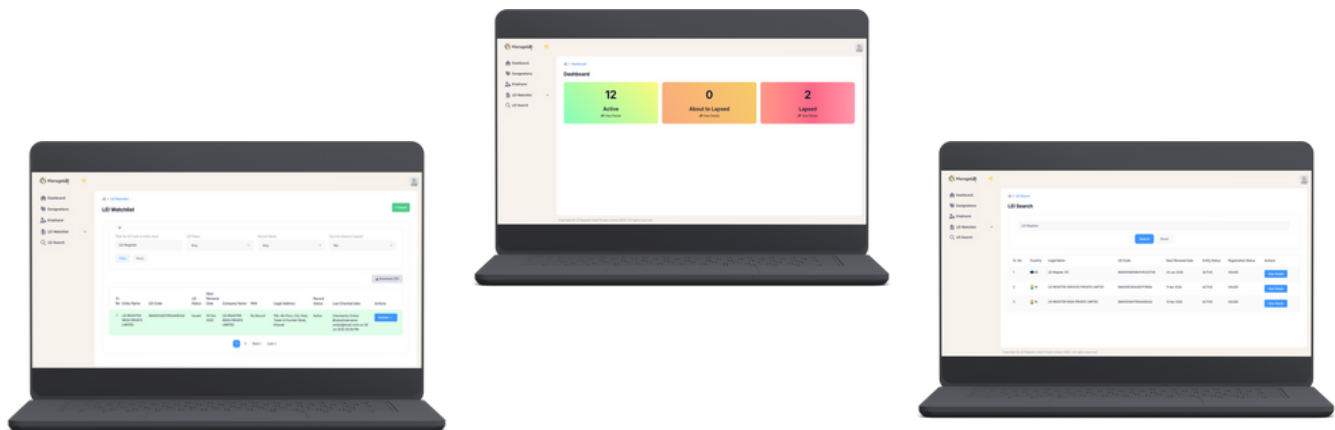

Expiry Indicators

Highlights indicate 60 days (yellow) and 30 days (red) alerts before LEI expiry for easy tracking.

Smart Search

Quick search via LEI codes, company name, GSTIN, PAN, CIN, IEC code, NGO-Darpan ID, Udhyaam ID, Pincode.

Let's put your LEIs on autopilot
